

AI Dialogues | Episode Five

Aug 20, 2024

Welcome to AI Dialogues, where we delve into the key aspects of #MakingAIReal by demystifying the technology and its impact.

In this episode, **Dr. Amith Singhee, Director, IBM Research India and CTO, IBM India & South Asia** catches up with **Yogesh Simmhan, Associate Professor, Dept of Computational and Data Sciences, IISc Bangalore**. They talk about the role of computing infrastructure for training and inferencing AI while addressing concerns around privacy and energy efficiency. In addition, Yogesh Simmhan shares insights on how industry-academia partnerships can accelerate and scale AI research in India given its tremendous potential in areas such as public service, smart cities and healthcare.
