# Power of Partnerships Season - 2 | Episode Four

Dec 14, 2022

Meaningful and long-term partnerships lie at the very heart of IBM's success and strategy. The [Power of Partnerships Season](#) -1 celebrated our collaborative journey with our ecosystem partners. Season - 2 is bigger and bolder and will witness the coming together of our Partners and Clients. This three-way conversation will showcase some of the most successful digital transformational journeys supported by IBM and our partner ecosystem.

In this AI special episode, **Sandip Patel**, Managing Director, IBM I/SA; **Rahul Deshpande**, Global Practice Delivery Head and Business Solutions Head for AI Solutions Practice, Wipro Limited and **Siddhesh Naik**, Country Leader, Data, AI & Automation software, Technology Sales, IBM I/SA discuss how Wipro and IBM are leveraging their Power of Partnership to unlock business drivers that will accelerate AI adoption and the key AI trends of 2023.
